NASEO 2013 Annual Meeting and Getting to Zero National Forum Preliminary Agenda Now Available!

Join NASEO, September 15-18, in Denver to highlight the states' leadership in America's energy and innovation resurgence. Topics include:

- Enhancing cyber security;
- Leverage Smart Grid investments;
- Achieving energy independence through shale oil and natural gas development;
- Rebuilding resilient communities and addressing climate adaptation;
- Encouraging advanced manufacturing and economic development; and
- Increasing the use of alternative fuels and related infrastructure.

Through a partnership with New Buildings Institute, NASEO is dedicating a day and a half of the Annual Meeting to launch the first Getting to Zero National Forum which combines technical, market, and policy perspectives and highlights how states and companies are utilizing zero net energy buildings to meet resiliency, economic, and sustainability goals.
