

**NASEO-NARUC Grid-Interactive Efficient Buildings Working Group:
Considerations and Approaches for Grid-interactive Efficient
Buildings (GEB) Pilots**
August 10, 2021 4:00 pm ET

Welcome:
Rodney Sobin, NASEO
Danielle Sass Byrnett, NARUC

Co-moderators and presenters:
Liz Reichart, Senior Energy Policy Specialist, WA Department of Commerce
Grace Relf, Senior Utility Analyst, HI Public Utilities Commission

Presenters:
Christine Holland, Economist, Pacific Northwest National Laboratory
Juliet Homer, Senior Energy Analyst, Pacific Northwest National Laboratory

Q&A

1

**NASEO-NARUC Grid-Interactive Efficient Buildings Working Group:
Considerations and Approaches for Grid-interactive Efficient
Buildings (GEB) Pilots**
August 10, 2021 4:00 pm ET

Logistics:

- Attendees are muted.

- We will have Q&A/discussion time--please use Q&A box for questions. Depending on audience size we may offer "raise hand" to be recognized and unmuted. Feel free to use the chat function.

- Webinar recording and slides will be posted.
Access via the NASEO-NARUC GEB Working Group resource page

3

- Working Group co-chairs:
 - Kaci Radcliffe, Oregon Dept. of Energy
 - Hanna Terwilliger, Minnesota PUC staff
- Working Group – 22 states:

Arizona	Massachusetts	South Carolina
California	Michigan	Tennessee
Colorado	Minnesota	Utah
Connecticut	Nebraska	Virginia
Florida	New Jersey	Washington
Georgia	New York	Wisconsin
Hawaii	Oregon	Wyoming
Maryland
